With the New Year brings a new location for Alfa Radio. We have been at the current location for over 20 years and it is time to move. We will be moving before Jan 31, 2025. During the transition to our new site, we will be operating as a virtual store. Phone orders or orders via email can be serviced. We will also be running reduced hours during the next few weeks, as we prepare for our move. Please phone to confirm our hours. We will be offering a 20% discount on in-stock accessories during the next few weeks. Note: Only cash or e-transfer will be accepted. Discounts do not apply to radios, only in-stock accessories such as SWR meters, antennas, connectors, adapters, coax etc.

We will be at the next QCARC flea market in February and look forward to seeing everyone there.

Best regards

J. T. (Mitch) Mitchell / Alfa
